Unique Solutions ... for Unique Needs

Y1's 15 years of project success has depended on applying a proven methodology framework. Y1 believes the same five step process applies to both outsourcing and contract staffing to meet the uniqueness of every client's dynamic needs.

- Discovery - understanding requirements and time-lines.
- Qualification - identify and provide expertise / consultant matching needs.
- On Assignment - providing results.
- Phase Acceptance - a continuous check on consultant's solution progress.
- Exit Point - successful completion or continuation into the next phase.

Y1 will fulfill your unique outsourcing needs with our proven methodology.
